Thanks very much for your nice letter of March 12th. Would you also be so kind as to express my thanks to Mr. Dulles for authorizing the information contained in your letter, and for his willingness to autograph my copy of "Germany's Underground."

I hope you will forgive my forwarding the book to your attention, but I thought possibly this procedure would be best. Return address label as well as postage are included in the package to facilitate its return. Your help is indeed appreciated.

Cordially,

Stephen W. Bumball
